

## Notes for completing the credit application & Our review process

Processing of credit applications typically take a week or more. When you provide a credit application, Mobile Mark must fax a request for credit info form to each and every one of the references that you provide.

You can help speed up things by making sure of certain items, as follows:

- 1) Many companies will not actually provide credit references. It is not uncommon for companies to not respond to our requests. Some of the typical electronic component manufacturers do not provide credit references; don't assume that your suppliers will.

**Please check with your credit references periodically to make sure that they will actually respond for credit information.**

- 1) Because we must fax your credit references a form to complete, you will want to make sure that you provide the correct phone **and fax** number for **all** of your references.

Although we will likely attempt to follow up by phone if we do not hear back from your references, there would be at best a delay of several days.

- 2) If you have a pre-typed form with your credit references indicated, we can usually use this instead of completing our form. We will need at least (1) Bank Reference and (3) trade references. If you use your own pretyped form, please insure we have correct Phone **& Fax numbers!**
- 3) **You must provide the signed bank release (last page) in our application, even if you are providing your own pre-typed reference sheet. Without the signed bank release form, your credit application will not be processed. This is the #1 cause for delays in credit applications. Most banks now require this form.**

If you are concerned about possible delays in your credit application and if you have a pending order Mobile Mark also accepts VISA, MasterCard, Discover Card & American Express.

Dear Sir:

Your company has requested an open account with our company.

In order to open an account for your company, we do require a standard credit rating from the bank.

Most banks require a customers consent to release this information. If you would be kind enough to have an authorized signature sign this release, we would appreciate it greatly. By doing so, will speed up the process of your request.

Thank you.

Regards,
