

EOD925-K-120

DEVICE ANTENNA WITH UNIVERSAL MOUNT

PRODUCT OVERVIEW

The EOD925 is a rugged, omni-directional antenna designed for reliable outdoor connectivity across both US and EU ISM bands. Its IP67-rated, over-molded construction provides excellent protection against dust, water, and harsh environmental conditions. Customizable pigtail lengths and connector options allow for flexible integration across a wide range of applications.

The EOD-UMK is a versatile universal mounting bracket designed for flexible installation in a variety of environments. It supports desk, wall, and ceiling mounting, with multiple installation options including screws and anchors, double-sided tape, or a suction cup. The EOD-UMK enables quick, secure placement for both permanent and temporary setups.

Tested and trusted, Mobile Mark focuses on quality, fast delivery, and leveraging the expertise of highly skilled professionals, specializing in customizable manufacturing solutions across North America and Europe. By combining advanced technologies with comprehensive team knowledge, we ensure tailored products that meet diverse needs, all delivered efficiently to exceed expectations.
