

Technical Specification 900-960 MHz 7.5 dBi

<u>B3697-960</u> PANEL ANTE**NN**A

Performance: Directional planar array panel antenna for the 900 thru 960MHz band providing 7.5 dBi gain.

Stylish and Durable: These antennas are manufactured using the finest materials available. They provide great performance in a stylish package. All the plastic parts are molded using UV inhibited ABS material that will give years of service when used inside or outside. The back plate is black powder coated aluminum for excellent durability and mounting stability.

Mounting: Multiple mounting options are available. These include Standard Slip Mount, V-Bolt with V-Block, Swivel Mount or Heavy Duty Swivel Mount.
