

NOTES FOR COMPLETING THE CREDIT APPLICATION & REVIEW PROCESS

Processing of credit applications typically take a week or more. When you provide a credit application, Mobile Mark must fax a request for credit info form to every one of the references that you provide.

You can help speed up things by making sure of certain items, as follows:

1. Many companies will not actually provide credit references. It is not uncommon for companies to not respond to our requests. Some of the typical electronic component manufacturers do not provide credit references; don't assume that your suppliers will.

Please check with your credit references periodically to make sure that they will respond for credit information.

2. Because we must fax your credit references a form to complete, you will want to make sure that you provide the correct Phone and Fax numbers, as well as email addresses for **ALL** your references.

Although we will likely attempt to follow up by phone if we do not hear back from your references, there would be at best a delay of several days.

3. If you have a pre-typed form with your credit references indicated, we can usually use this instead of completing our form. We will need at least (1) Bank Reference and (3) trade references. If you use your own pre-typed form, please insure we have the correct Phone and Fax numbers, as well as email addresses!
4. You must provide the signed bank release (last page) in our application, even if you are providing your own pre-typed reference sheet. Without the signed bank release form, your credit application will not be processed. This is the #1 cause for delays in credit applications. Most banks now require this form.
5. You can either fax the completed forms to **+1 (847) 250-5120** or you can email then to nancy@mobilemark.com.

If you are concerned about possible delays in your credit application and if you have a pending order Mobile Mark also accepts VISA, MasterCard, Discover Card & American Express.
