

EU WASTE FRAMEWORK STATEMENT

We, Mobile Mark, hereby declare our compliance with the European Union Waste Framework Directive (2008/98/EC) and its subsequent amendments. This statement outlines our commitment to managing waste in an environmentally responsible manner.

1. Waste Identification:

We identify and classify waste generated by our operations according to the relevant European Waste Catalogue (EWC) codes.

2. Waste Minimization:

We actively seek to minimize waste production through efficient processes, recycling, and reuse wherever possible.

3. Waste Collection and Storage:

We segregate and store waste appropriately, ensuring compliance with local regulations. Hazardous waste is handled separately.

4. Waste Transportation:

We engage authorized waste carriers for the safe transportation of waste to licensed treatment facilities.

5. Waste Treatment and Disposal:

We ensure that waste is treated or disposed of in accordance with legal requirements. We prioritize recycling, recovery, and safe disposal methods.

6. Reporting and Documentation:

We maintain accurate records of waste generation, handling, and disposal. These records are available for inspection by relevant authorities.

7. Continuous Improvement:

We regularly review our waste management practices, seeking opportunities for improvement and environmental impact reduction.

By adhering to this waste statement, we contribute to a circular economy, conserve natural resources, and protect the environment.

Sincerely,

Tam Chau, P.E.
